Sorry I ain't got no money  
I'm not trying to be funny  
but I left it all at home today

You can call me what you wanna  
I ain't giving you a dollar,  
this time I ain't gonna run away

You might knock me down,  
you might knock me down,  
but I will get back up again

You can call it how you wanna  
I ain't giving you a dollar,  
this time I ain't gonna run away, run away, run away.

This time, this time  
This time, this time I ain't gonna run, run, run, run, run...  
Not this time, not this time,
